南極星™ 全球通

NJStar COMMUNICATOR

3.2 H.K. Edition

Support Unicode / GB 18030 / HKSCS-2008.
It is designed to enable you to view, input and convert Chinese, Japanese and Korean (CJK) characters on any language version of Windows.

Support any language version of MS Windows

English, Chinese (Simplified & Traditional), Japanese, Korean... etc.

Support 64bit, 32bit application software

Such as Office 2013 / 2010 / 2007 / 2003 / XP, I.E. 11 / 10 / 9 / 8 / 7, Firefox, Google Chrome, Opera Browser, Apple Safari and popular AOL AIM chat, MSN Messenger, QQ Messenger ... etc.

Intelligent phrases conversion

Simplified Chinese 皇后、前後 游泳、旅游 <=> Traditional Chinese 皇后、前後 游泳、旅游

Display Simplified or Traditional Chinese at Will

- Read Simplified Chinese web sites, emails and documents from China in Traditional Chinese characters.
- Read Traditional Chinese web sites, emails and documents from Taiwan / H.K. in Simplified Chinese characters.

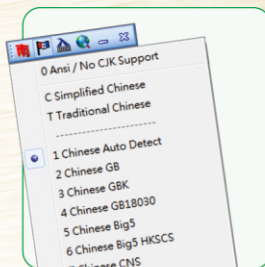

Universal Code Converter

- Convert text from either clipboard or files.
- Convert Chinese / Japanese / Korean HTML file with correct "charset =" meta tag in HTML header.
- Unique "CJK > GIF" conversion can convert a whole CJK book into picture format.

Auto Detection

Chinese

GB,GBK, GB18030, Big5, Unicode, HZ-8, UTF8 / UTF7, ISO-2022, MIME ...

Japanese

Shift-JIS, EUC-JIS, New-JIS, Unicode, UTF8 / UTF7, ISO-2022, MIME ...

Korean

KSC, Unicode, UTF8 / UTF7, ISO-2020

Output Code Switch

Typing Simplified Chinese Traditional Chinese Japanese Korean

Convert Pinyin number to tone or vice versa

CJK Input

Easy Chinese, Japanese and Korean input methods with "Virtual Keyboard" for easy CJK key-mapping on western keyboard.

Show the meaning of candidate character

Radical Lookup

Input Chinese, Japanese Kanji and Korean Hanja with character components lookup.

ExpressMail

You can send CJK email as GIF, so that the receiver won't need a viewer to read your email in CJK language!

SMTP Server

Allow you to send CJK email messages without worrying about the SMTP server address of your own ISP.
