EP4610T

46" DIGITAL SIGN BOARD WITH INTERACTIVE TOUCH

Interactive High – Definition Digital Poster

In-store " Way-Finding" is easy with ViewSonic's new interactive ePoster display solution. With its drift free 4K x 4K touch interface and vivid screen resolution, retail messaging and image navigation is easy with the all-in-one EP4610T ePoster. Simply connect the output of your PC to the versatile input ports and common USB port for your touch interface and your application comes alive. ViewSonic's ePoster display can easily connect to a corporate network by adding a network media player. Security is achieved through the locking back cover.

> 46" full HD ePoster featuring 1920x1080 resolution and tempered glass faceplate for screen protection

> Interactive built-in "two-points" IR touch panel features 4096x4096 touch resolution for accurate selection of data

> All-in-One design provides easy customer deployment with no required construction

> Internal RISC media player with 2GB CF storage for playing JPEG images and digital video files

> Built-in power outlet and mounting cradle for adding your own media player

> Applications:

**RETAIL ADVERTISING
